Externship

- 1 month rotation available
- No housing (but you can stay in the resident's office; it has a bed)
- “Hands-on”

Externship

Are residents chosen strictly from externs?

NO, but it helps if you're interested in the program, AND you have a strong month, AND you're a non-Scholl student.

Residency

Does Dr. Latva favor Scholl students, since he is a faculty member at SCPM?

NO! NO! NO!, I want the best student as resident; not the best Scholl student. There is not a formal relationship between the hospital and the school.

Happy Residents After a Day of Surgery!
